I see the beauty in you I see beauty in me oh yeah
 I see the kindness in you I see kindness in me oh yeah

I see compassion in you compassion in you oh yeah
 I see love and light I see light and love all around

I see the God in you I see God in me oh yeah
 And I am opening up I am opening up thank God

So yesterday I ran into my neighbor And I said You're such a beautiful person
 So this morning I ran into my shoe repair man And I said

You're such a beautiful soul You're such a beautiful person

and I know we are free I know I know I know we are free

And we are walking so magnificently I know I know I know we are free

And we are walking so magnificently
