ROCKIN' IN THE FREE WORLD

pg 2 of 2

3rd verse: *mp*

Em D C Em D C

Em D C Em D C

I see a woman in the street
We've got 1000 points of light

with an angel by her side
for the homeless man

Em D C Em D C

under an old street light
we've got a kinder gentler community

near a garbage can

3rd verse:

Em D C Em D C

there's a force in her life and it keeps her mind clear
we've got green gas - electric cars - organic food

there's a source she relies on One power One God
we've got a five step prayer and intention too

Em D C Em D C

and she does her meditation every day, every night
we've got a man of the people says 'yes we can'

there's a lot of people sayin' heaven is at hand
yes we can'
